Commissioner for Patents

1. The reply filed on November 26, 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): applicant did not fully specify the complex matrix material. The matrix consists of three elements: at least one biocompatible polymer that is cross-linked and also has grafted chains. See 37 CFR 1.111. Applicant did specify the biocompatible polymer and the cross-linking agent but did not specify the identity of the grafted side chains. Applicant should also indicate is the matrix also contains antioxidant agents, vitamins and/or other dispersed pharmacologically active agents as recited in claims 16 and 17, for example. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
